Youth Club

Sylvia Jenkinson came up with a fun activity for Halloween in spite of the problems of Covid 19. All participants put out a pumpkin and nearby a letter given by Sylvia also sweets, chocs or small gifts. Those taking part in fancy dress, taking pen, paper, torch and bag for goodies, set off at five minute intervals to search for the hidden letters round Lakeside. Once they have all been discovered they should spell out a word associated with Halloween and the successful players get a bumper goodie bag.

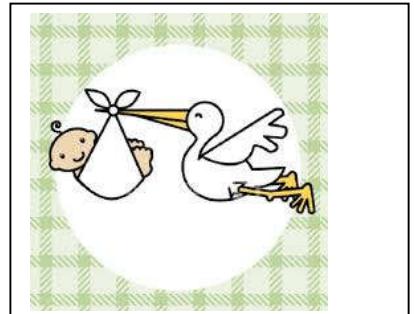

This October, for the first time ever, the Gilman's at Pye Ash Farm have opened for pumpkin picking with all proceeds going to East Cheshire Hospice. Pumpkin picking was very popular, with a pumpkin trail and sheepdog demonstrations too, we sold out of pumpkins and raised £1315 for East Cheshire Hospice. If you'd like to keep up with the farm, follow us on Instagram @PyeAshFarm

It looks unlikely that we will be able to have the usual carol services this year and after the success of St. Mary's video of members singing verses of a hymn with pictures of lambs etc. it is hoped to produce something for Christmas thanks to Sam and Jane Wain and Jane Gilman. Sam has a lot of school work but it is hoped he may be able to make time after his great success and he also produced an excellent one for All Hallows school with the school song.

Peter Whittaker of Millhouse Farm Bosley died suddenly on 5th November, our thoughts and prayers are with Lynne and her family.

Congratulations to Nicola and Richard Crabtree from Penn Bridge on the birth of a daughter, Hannah Rose, sister for Ellie.

Progress on building at St. Mary's

1. Brickworks in progress should be complete by mid next week (bricks are recycled from Kinsey Street Chapel Congleton), recently demolished.
